2,647 responses

The IQAC of our institution conducted “Student Satisfaction Survey” by circulating the appropriate questionnaire to all student community, to give opportunity to them to give suggestions or improvements to improve Teaching Learning process in the institution. The survey helps us in gauging the strength and weakness of the program.

We at Easwari Engineering College, regularly collect feedback from all stakeholders (Students, Teachers, Employers, Alumni and Parents). Based on the feedback, curriculum and syllabus have been revised and new courses are introduced to impart core competency skills. Many programs are revised to have flexibility. Based on the feedback from employers, courses which improve employability and enhancement skills are introduced. Most importantly, to have a quest for excellence and to survive in the industry, few programs have evolved with industry tie-ups which makes students more innovative and seek solutions for societal problems.
